POPE PIUS HOLDS A RECEPTION.

More Than Two Thousand Working People Visit St. Peter's.

Rome, Sept. 14.—The pope Sunday held his first reception of any importance, over 2,000 persons, for the most part working people from the quarters around St. Peter's, being admitted to his presence in the courtyard of La Pigna. In the portico looking onto the court was erected a small throne, which the pope insisted should not be surrounded by a canopy, as the ceremonial prescribes. Pope Pius appeared in the portico, preceded merely by a few noble guards and accompanied by Mgr. Bressan, Mgr. Bisletti and Mgr. Constantin. The pontiff was attired entirely in white except for his red hat ornamented with gold, and a magnificent pectoral cross encrusted with jewels. As he smilingly seated himself on the throne he was greeted with a storm of applause. Cries of "long live Pius" and "long live our father" were raised, while a band played the papal march. The pope rose, drew near to the steps of the portico and raising his hand for silence, said:

"This demonstration of reverence and affection touches me, not because it is addressed to my person, but because it is addressed to Him whom I represent—Christ; it is an index to the faith animating your heart. I am all the more pleased because the majority of you are workmen, for Christ is the advocate of the workmen and the latter are faithful to Him."

The pontiff went on to say that the workman who is satisfied with his conditions finds in it a true pleasure, shedding sweetness about him.

After giving his benediction, the pontiff retired amid loud manifestations of devotion.

HUNGARIAN POLITICAL CRISIS.

Abdication of Emperor Francis Joseph as King of Hungary Favored.

London, Sept. 14.—The Vienna correspondent of the Daily Mail declares that the Hungarian political crisis has become so acute that the abdication of Emperor Francis Joseph as king of Hungary is freely discussed in the latter country, although no party leader is willing to openly discuss this probability, there is a strong feeling in favor of Hungary's right to choose its own king, the candidate favored being the German emperor's second son, Prince Eitel.

APPEALS TO POWERS

BULGARIA REQUESTS THAT TURKEY BE MADE TO WAGE LEGITIMATE WARFARE.

CANNOT NEGLECT HER DUTY

WILL INTERVENE IN BEHALF OF CHRISTIANS UNLESS EUROPE ACTS VERY QUICKLY.

London, Sept. 14.—Rumor from Vienna and elsewhere is very busy this morning regarding the Balkan crisis and whilst it is impossible to confirm the more sensational statements, there is accumulation of evidence that some violent solution cannot long be delayed. The Sofia correspondent of the Daily Telegraph sends under Sunday's date another long dispatch warmly defending Bulgaria's patient and quiet attitude of loyalty toward the powers, and denouncing Europe's indifference to the wiping out of a large Christian community. He says:

"Bulgaria has displayed unexampled moderation. Her last urgent request to the powers was that they should compel Turkey to suppress the rising by legitimate methods of warfare, but to spare women and children from indignities and massacre."

"But even this Christian Europe has refused and now Prince Ferdinand's government, having carefully considered the question and aware of the disastrous consequences with which the powers threaten Bulgaria if she intervenes, has decided that it cannot longer neglect its sacred duty to prevent the Christian population being done to death. In a couple of days more the die will be cast and Bulgaria will do her duty. An official communication will be made to the powers in the above indicated sense and forthwith the necessary measures will be taken and only countermanded if the powers immediately intervene. This is Bulgaria's last word. The moral responsibility will fall upon Christian Europe, even if the material consequences have to be endured by Bulgaria."

It is reported from Constantinople that no foreign military attaches have gone to Monastir, but that another American warship, presumably the gunboat Machias, has arrived at Belut.

PURSUING THEIR USUAL RACTICS.

Albanians and Turks Plundering Villages and Killing Peasants.

Sofia, Sept. 14.—The Albanian and Turkish troops collected in the village of Adrianople appear to be pursuing their usual tactics of burning and plundering the villages and killing the peasants instead of making an attempt to break up the insurgent bands. Very little news is filtering through from Monastir, but all reports agree that the position of the Christians is desperate. The Turks are making a clean sweep of the whole Bulgarian element. The Albanian soldiers in the village of Adrianople are stated to be entirely beyond control. At Kosturco, the influential boys complained to the officers of the excesses committed by the troops. The officers resented the criticism and told the soldiers that the boys were friends of the revolutionaries, whereupon the soldiers burned the boys' farms.

The Turks have burned the villages of Almogik and Erlikler, in the district of Los Engrad. They beheaded twenty-two Bulgarians at Almogik in the presence of their families. Twelve thousand troops are assembled around Malkotono, and are engaged in pillaging and burning the villages. The population everywhere is fleeing to the forests and mountains. All the Turkish population in the district of Los Engrad has received arms, even the boys have revolvers. The Albanian soldiers proceeding from Odrin to Los Engrad plundered the villages en route, robbed the churches and burned the village of Korakej. Another body of Albanians going to Vasilko, on the Black Sea, was attacked by a band and is reported to have suffered a loss of 100 men.

A band led by the insurgent chief at Amazof was surrounded by Turkish troops at Kokushko. After six hours' fighting the insurgents cut their way through the soldiers by throwing bombs. The Turks lost twenty.

The final arrangements for a revolutionary outbreak in Eastern Macedonia have been completed, but for some inexplicable reason the rising hangs fire.

RUMORS OF MARINE DISASTER.

Transport Carrying British Troops to India Said to Have Sunk.

London, Sept. 14.—An unconfirmed rumor is current that a transport carrying a British regiment to India foundered in a gale which swept the British coast last Thursday.

Dies of Starvation.

St. Paul, Sept. 14.—Drenched to the skin and overcome with starvation and exhaustion, George Haddow, fifty-one years old, was found lying under the Washburn street bridge on the river bank within a few inches of the water's edge yesterday morning, by John O'Brien, a section man. Haddow died at the city hospital last evening.

PRESENTS A NEW SCHEME.

Russia Would Further Delay Evacuation of Manchuria.

Peking, Sept. 14.—Russia has presented the Chinese government a new scheme for evacuating Manchuria, further prolonging the time for the evacuation, originally fixed for Oct. 8, and proposing certain new conditions in addition to most of the conditions included in the last scheme.

Russia now proposes to evacuate New Chwang and Mukden province Oct. 8; Kirin province four months later, and the third province a year later.

Among the new conditions Russia stipulates that she shall maintain military posts on the road from Tsitsihar, capital of Heilung-Kiang, to Blagovestchensk, and on the Sungari river. The reason Russia gives for maintaining these posts is that they are necessary to protect the commerce of the railroad. There is a vaguely worded clause prohibiting heavy duties on goods transported by the railway, which the diplomats construe as exempting Russian goods transported on the railway from the surtax which the British, Japanese and American treaties substitute for the likin duties.

The scheme also contains a provision that Chinese troops shall protect the branches of the Russo-Chinese bank when necessary.

Prince Ching, president of the foreign board, has informed the ministers that he considers the Russian conditions to be very reasonable.

The Japanese minister at Peking has had an interview with Prince Ching and has entered a strong protest against the new proposals of Russia regarding the evacuation of Manchuria, which have excited angry surprise in Japan.

EXPLOSION ON THE OLYMPIA.

Two Men Killed and Two Others Seriously Injured.

Norfolk, Va., Sept. 14.—Lieutenant Commander Van Dooser, executive officer of the cruiser Olympia, has given out an official statement of the facts attending the explosion of a barrel of alcohol on the cruiser's deck Saturday, causing the death of Marine Corporal J. S. Yerkes of Philadelphia, and Apprentice Seifert and the serious injury of Third Class Master-at-Arms Caster and Apprentice Shavey. In addition to the burning of the cruiser's forward awnings and awning supports. The explosion resulted indirectly from the smuggling of alcohol into the navy yard by members of the cruiser's crew. The statement of Lieutenant Commander Van Dooser says: "That while the entire crew of the cruiser were returning from shore liberty, five gallons of alcohol was found in the forward turret. Further search revealed two men between two boats on the wharf. One escaped and the other was captured with a broached barrel of alcohol. The alcohol was carried aboard the cruiser and the crew called to quarters and every man accounted for."

Yerkes, Seifert, Shavey and Caster began pouring the alcohol into a tank while the other men were in line to answer roll call, and from some unknown cause the spirits ignited and exploded with terrific force and scattered a flood of burning alcohol over the deck. Yerkes fell into the burning mass and was roasted to death. The others were badly burned and Seifert died later of his injuries.

DYNAMITE EXPLOSION.

Two Switchmen Killed and Three Other Men Injured.

Bay City, Mich., Sept. 14.—Clarence D. Hopper and Roy Boucher, switchmen on the Michigan Central railway, were instantly killed in an explosion of dynamite in a car in the yards at West Bay City, Mich. Robert Rolin, engineer; William Noble, fireman, and John Crackie, conductor, were injured, the latter so seriously that he may die. All of the trainmen were residents of this city.

The explosion occurred as a switch engine was making up a train. The engine backed down upon several cars, the first containing 1,000 pounds of dynamite, a consignment of Lee-Metford rifles and a quantity of reduced charge shells for indoor rifle practice, and it is said that the force with which it struck the explosive-laden car, exploded the dynamite. Another report has it that one of the shells exploded and set off the dynamite. Hopper's body was badly cut by flying steel and Boucher was decapitated, his body being terribly mangled. A big hole was torn in the ground by the explosion, a score of freight cars, many loaded, were demolished and nearly 300 houses in the vicinity suffered broken windows and several were so badly wrecked as to be uninhabitable. The shock was felt in Essexville, three miles from the scene.

TRACK COVERED WITH ROCK.

Heavy Rainfall Causes Bluff to Slide Upon a Railroad.

Hastings, Minn., Sept. 14.—A heavy rainfall undermined a huge portion of a high bluff near Hastings, Minn., at night and caused it to slide out and bury the track of the River division of the Chicago, Milwaukee and St. Paul railroad under hundreds of tons of rock. The Pioneer Limited and passenger trains from St. Paul and Minneapolis are held north of Hastings.

Switchman Killed.

St. Paul, Sept. 14.—Bernard Coleman, a switchman of the Northern Pacific, was run over and killed last night by an engine, at 12 o'clock in the Northern Pacific yards, under the Third street bridge. His legs were cut off, and he died within a few minutes after being carried into a shanty by yardmen.

MADE BOGUS COINS

CONVICTS IN A PENNSYLVANIA PRISON TURNED OUT COUNTERFEIT MONEY.

FIVE MEN DID THE WORK

PRESUMED THAT PENITENTIARY EMPLOYEES INNOCENTLY CIRCULATED COINS.

Philadelphia, Sept. 14.—Following closely upon the exposure of gross irregularities in the cigar department of the Eastern state penitentiary, came the public announcement last night that the illegal coinage of minor silver pieces has been carried on by convicts in the big institution. No details of the counterfeiting scheme can be learned from the officials connected with the prison or the government officials that have been assigned to the case. The fact that such a daring plan has been carried on in the penitentiary was made public by George Vaux, Jr., one of the prison inspectors, who summoned newspaper men to his home and voluntarily made the disclosure. He gave out a brief statement, which is as follows:

"Dr. W. D. Robinson and Mr. Vaux, Jr., who are at present the visiting inspectors on duty at the East state penitentiary, made the statement that there has come to their official knowledge that within a short time an attempt has been made by certain convicts now confined in the penitentiary to manufacture counterfeit silver coins. But a few pieces were made, and a number of these have come into the possession of the inspectors, together with the metals and chemicals used, the attempt thus being nipped in the bud. The evidence in the case is not yet complete, but all that has been secured has been submitted to the United States authorities."

Imitated Small Silver Coins.

Mr. Vaux refused absolutely to give any more details than contained in his statement. From other sources, however, it was learned that dimes, quarters and half dollars, were the coins manufactured.

Later in the night further details of the counterfeiting scheme leaked out. These were to the effect that five men were engaged in the work, the head of the counterfeiters being a Philadelphia man completing his second term for this offense. The others were professional criminals, who secured, through the plumbing department of the prison, the necessary metal made of solder, tin and ground glass. The molds, it is believed, were made of plaster of paris, scraped from the walls of the cells. Some of the coins got into circulation, but in what manner has not yet been fully determined. There is a belief that certain employees who did favors for the prisoners, such as mailing letters, in violation of the rules of the institution, were given the bogus money as tips and that they innocently passed it into circulation.

It is believed the discovery of counterfeiters in the prison was the result of the investigation now being carried on in the place as a result of the irregularities in the cigar department.

PASSENGER TRAIN WRECKED.

Unknown Man Killed and Fifteen Others Slightly Injured.

St. Paul, Sept. 14.—Passenger train No. 10, on the Great Northern, coming from Winnipeg, was derailed one mile west of Dassel, Minn., shortly after 6 o'clock yesterday morning, five cars leaving the track, three of which overturned down an embankment, resulting in the death of one person, an unknown tramp, who was riding on the rods underneath the train, and the injury of fifteen passengers. None of the injured are fatally hurt, it is thought, the greater number of them being but slightly bruised.

The place where the wreck occurred is about sixty-five miles west of St. Paul. The cause of the wreck is unknown and cannot be determined until an investigation is had, although a refrigerator car, which was second from the engine, is thought by some of the passengers to have been the cause of the accident. The trucks of this car were the first to leave the track. The train was running at the rate of forty-five miles an hour when the accident occurred.

The injured are: Arthur E. Hennessy, St. Louis; W. W. Horn, South English; August Widdow, West Superior, Wis.; Charles Conklin, Bellevue, Ia.; John Foltz, Glidden, Wis.; Frank Nethken, Seyoc, Pa.; W. H. Harover and Robert Boucher, Colorado Springs; E. L. Scoville, Mankato; L. H. Miller, Grand Forks; W. N. Purdy, Belmont, Ia.; Ed A. Johnson, Grand Forks; I. B. Pelton, Chicago; F. H. McGill, Moorhead; Conductor George A. Devaney.

FRESH TROUBLES IN SERVIA.

Officers Demand Punishment of the Regicides.

Vienna, Sept. 14.—Reports from Semlin, Hungary, say fresh trouble has occurred at Nish, and fresh arrests of officers have been made on account of another letter to King Peter demanding the punishment and expulsion of the regicides. There is a rumor that the officers are ready to march their regiments to Belgrade in support of this demand.

SEVERE STORM IN FLORIDA.

Great Damage Done to Shipping Along the Coast.

Jacksonville, Fla., Sept. 14.—Beginning Friday morning on the east coast and Saturday on the west and lasting twenty-four hours, South Florida has been swept by the strongest hurricane ever known in that part of the state. The wires went down at the beginning and railway service was delayed. On that account no details reached here until Sunday. Even now they are incomplete. At Miami the wind attained a velocity of sixty-five miles an hour and several small boats were sunk in the bay. Passengers on the East Coast train report that they saw many wrecks along the shore from Miami to Hobbs Sound. Bodies of two unknown white men drifted on the beach near Boynton.

Taking a day in crossing the peninsula, the storm struck Tampa Saturday morning, soon attaining a velocity of seventy miles an hour and raged all day, doing great damage.

THREE MEN KILLED IN A FIGHT.

Texas Sheriff, His Deputy and a Prisoner Shot in Jail.

Edna, Tex., Sept. 14.—Three men were shot and killed here Sunday afternoon at the city jail.

Sheriff George F. Wharton and Deputy Frank Brugh arrested a man known as McCrackle of Philadelphia, but believed from papers found on him to be W. T. McCrackle of Atlanta, Ga., on a charge of attempting swindling. McCrackle was conveyed to jail without trouble, but when the officers attempted to search him the prisoner drew a revolver and opened fire. The first bullet struck Sheriff Wharton and the

second mortally wounded the deputy. The sheriff, while fleeing, drew his revolver and fired at the prisoner, killing him instantly. Wharton when picked up was dead and Brugh died an hour later.

FOREIGN PARTICIPATION.

Heavy Appropriations Made for Exhibits at St. Louis.

Washington, Sept. 14.—Mr. John Barrett, who visited Asia as commissioner general of the Louisiana Purchase exposition, in behalf of the exposition management has issued a statement with reference to foreign participation in the exposition. He says in part:

"Forty-five foreign lands, independent and dependent, will be seen in miniature, as it were, at St. Louis in 1904. A carefully prepared summary of the appropriations made or officially assured by foreign governments for pavilions and exhibits shows a grand total of \$6,190,000. This exceeds by nearly \$1,000,000 the amount correspondingly appropriated for the Chicago world's fair in 1893, and represents an average of nearly \$140,000 for each country. Europe will expend approximately \$3,000,000, Asia \$2,000,000, Central and South America \$1,000,000, Africa \$200,000."

KICKED TO DEATH IN A FIGHT.

Tracy H. Borrowes Killed by the Man He Had Wounded.

Norwich, N. Y., Sept. 14.—In a fight at McDonough Sunday, Tracy H. Borrowes was kicked to death by Frank Gole, whom Borrowes had just shot in the neck with a revolver. Borrowes had accused Gole of escorting his wife to the Green county fair.

POPE PIUS HOLDS A RECEPTION.

More Than Two Thousand Working People Visit St. Peter's.

Rome, Sept. 14.—The pope Sunday held his first reception of any importance, over 2,000 persons, for the most part working people from the quarters around St. Peter's, being admitted to his presence in the courtyard of La Pigna. In the portico looking onto the court was erected a small throne, which the pope insisted should not be surrounded by a canopy, as the ceremonial prescribes. The pontiff was attired entirely in white except for his red hat ornamented with gold, and a magnificent pectoral cross encrusted with jewels. As he smilingly seated himself on the throne he was greeted with a storm of applause. Cries of "long live Pius" and "long live our father" were raised, while a band played the papal march. The pope rose, drew near to the steps of the portico and raising his hand for silence, said:

"This demonstration of reverence and affection touches me, not because it is addressed to my person, but because it is addressed to Him whom I represent—Christ; it is an index to the faith animating your heart. PRESENTS A NEW SCHEME.

Russia Would Further Delay Evacuation of Manchuria.

Peking, Sept. 14.—Russia has presented the Chinese government a new scheme for evacuating Manchuria, further prolonging the time for the evacuation, originally fixed for Oct. 8, and proposing certain new conditions in addition to most of the conditions included in the last scheme.

Russia now proposes to evacuate New Chwang and Mukden province Oct. 8; Kirin province four months later, and the third province a year later.

Among the new conditions Russia stipulates that she shall maintain military posts on the road from Tshitshar, capital of Heilung-Kiang, to Blagovestchensk, and on the Sungari river. The scheme also contains a provision that Chinese troops shall protect the branches of the Russo-Chinese bank when necessary.

Prince Ching, president of the foreign board, has informed the ministers that he considers the Russian conditions to be very reasonable.

The Japanese minister at Peking has had an interview with Prince Ching and has entered a strong protest against the new proposals of Russia regarding the evacuation of Manchuria, which have excited angry surprise in Japan.

EXPLOSION ON THE OLYMPIA.

Two Men Killed and Two Others Seriously Injured.

Norfolk, Va., Sept. 14.—Lieutenant Commander Van Dooser, executive officer of the cruiser Olympia, has given out an official statement of the facts attending the explosion of a barrel of alcohol on the cruiser's deck Saturday, causing the death of Marine Corporal J. TRACK COVERED WITH ROCK.

Heavy Rainfall Causes Bluff to Slide Upon a Railroad.

Hastings, Minn., Sept. 14.—A heavy rainfall undermined a huge portion of a high bluff near Hastings, Minn., at night and caused it to slide out and bury the track of the River division of the Chicago, Milwaukee and St. Paul railroad under hundreds of tons of rock. The Pioneer Limited and passenger trains from St. Paul and Minneapolis are held north of Hastings.

Switchman Killed.

St. Paul, Sept. 14.—Bernard Coleman, a switchman of the Northern Pacific, was run over and killed last night by an engine, at 12 o'clock in the Northern Pacific yards, under the Third street bridge. His legs were cut off, and he died within a few minutes after being carried into a shanty by yardmen.

MADE POGUS COINS

CONVICTS IN A PENNSYLVANIA PRISON TURNED OUT COUNTERFEIT MONEY.

FIVE MEN DID THE WORK

PRESUMED THAT PENITENTIARY EMPLOYEES INNOCENTLY CIRCULATED COINS.

Philadelphia, Sept. 14.—Following closely upon the exposure of gross irregularities in the cigar department of the Eastern state penitentiary, came the public announcement last night that the illegal coinage of minor silver pieces has been carried on by convicts in the big institution. No details of the counterfeiting scheme can be learned from the officials connected with the prison or the government officials that have been assigned to the case. The fact that such a daring plan has been carried on in the penitentiary was made public by George Vaux, Jr., one of the prison inspectors, who summoned newspaper men to his home and voluntarily made the disclosure. He gave out a brief statement, which is as follows:

"Dr. W. D. Robinson and Mr. Vaux, Jr., who are at present the visiting inspectors on duty at the Eastern state penitentiary, made the statement that there has come to their official knowledge that within a short time an attempt has been made by certain convicts now confined in the penitentiary to manufacture counterfeit silver coins. But a few pieces were made, and a number of these have come into the possession of the inspectors. Together with the metals and chemicals used, the attempt thus being nipped in the bud. The evidence in the case is not yet complete, but all that has been secured has been submitted to the United States authorities."

Imitated Small Silver Coins.

Mr. Vaux refused absolutely to give any more details than contained in his statement. From other sources, however, it was learned that dimes, quarters and half dollars, were the coins manufactured.

Later in the night further details of the counterfeiting scheme leaked out. These were to the effect that five men were engaged in the work, the head of the counterfeiters being a Philadelphia man now completing his second term for this offense. The others were professional criminals, who secured, through the plumbing department of the prison, the necessary metal made of solder, tin and ground glass. The molds, it is believed, were made of plaster of paris, scraped from the walls of the cells. Some of the coins got into circulation, but in what manner has not yet been fully determined. There is a belief that certain employees who did favors for the prisoners, such as mailing letters, in violation of the rules of the institution, were given the bogus money as tips and that they innocently passed it into circulation.

It is believed the discovery of counterfeiters in the prison was the result of the investigation now being carried on in the place as a result of the irregularities in the cigar department.

PASSENGER TRAIN WRECKED.

Unknown Man Killed and Fifteen Others Slightly Injured.

St. Paul, Sept. 14.—Passenger train No. 10, on the Great Northern, coming from Winnipeg, was derailed one mile west of Dassel, Minn., shortly after 5 o'clock yesterday morning, five cars leaving the track, three of which overturned down an embankment, resulting in the death of one person, an unknown tramp, who was riding on the rods underneath the train, and the injury of fifteen passengers. None of the injured are fatally hurt. It is thought, the greater number of them being but slightly bruised.

The place where the wreck occurred is about sixty-five miles west of St. Paul.

The cause of the wreck is unknown and cannot be determined until an investigation is had, although a refrigerator car, which was second from the engine, is thought by some of the passengers to have been the cause of the accident. The trucks of this car were the first to leave the track. The train was running at the rate of forty-five miles an hour when the accident occurred.

The injured are: Arthur E. Hennessy, St. Louis; W. W. Horn, South English; August Widdesen, West Superior, Wis.; Charles Conklin, Bellevue, Ia.; John Foltz, Glidden, Wis.; Frank Nethken, Sycow, Pa.; W. H. Harover and Robert Boucher, Colorado Springs; E. L. Scoville, Mankato; I. H. Miller, Grand Forks; W. N. Purdy, Belmond, Ia.; Ed A. Johnson, Grand Forks; I. B. Pelton, Chicago; F. H. McGill, Moorhead; Conductor George A. Devaney.

FRESH TROUBLES IN SERBIA.

Officers Demand Punishment of the Regicides.

Vienna, Sept. 14.—Reports from Semlin, Hungary, say fresh trouble has occurred at Nish, and fresh arrests of officers have been made on account of another letter to King Peter demanding the punishment and expulsion of the regicides. There is a rumor that the officers are ready to march their regiments to Belgrade in support of this demand.

SEVERE STORM IN FLORIDA.

Great Damage Done to Shipping Along the Coast.

Jacksonville, Fla., Sept. 14.—Beginning Friday morning on the east coast and Saturday on the west and lasting twenty-four hours, South Florida has been swept by the strongest hurricane ever known in that part of the state. The wires went down at the beginning and railway service was delayed. On that account no details reached here until Sunday. Even now they are incomplete. At Miami the wind attained a velocity of sixty-five miles an hour and several small boats were sunk in the bay. Passengers on the East Coast train report that they saw many wrecks along the shore from Miami to Hobbs Sound. Bodies of two unknown white men drifted on the beach near Boynton.

Taking a day in crossing the peninsula, the storm struck Tampa Saturday morning, soon attaining a velocity of seventy miles an hour and raged all day, doing great damage.

THREE MEN KILLED IN A FIGHT.

Texas Sheriff, His Deputy and a Prisoner Shot in Jail.

Edna, Tex., Sept. 14.—Three men were shot and killed here Sunday afternoon at the city jail.

Sheriff George F. Wharton and Deputy Frank Brugh arrested a man known as McCragle of Philadelphia, but believed from papers found on him to be W. T. McCragle of Atlanta, Ga., on a charge of attempting swindling. McCragle was conveyed to jail without trouble, but when the officers attempted to search him the prisoner drew a revolver and opened fire. The first bullet struck Sheriff Wharton and the

second mortally wounded the deputy. The sheriff, while falling, drew his revolver and fired at the prisoner, killing him instantly. Wharton when picked up was dead and Brugh died an hour later.

FOREIGN PARTICIPATION.

Heavy Appropriations Made for Exhibits at St. Louis.

Washington, Sept. 14.—Mr. John Barrett, who visited Asia as commissioner general of the Louisiana Purchase exposition, in behalf of the exposition management has issued a statement with reference to foreign participation in the exposition. He says in part:

"Forty-five foreign lands, independent and dependent, will be seen in miniature, as it were, at St. Louis in 1904. A carefully prepared summary of the appropriations made or officially assured by foreign governments for pavilions and exhibits shows a grand total of \$4,190,000. This exceeds by nearly \$1,000,000 the amount correspondingly appropriated for the Chicago world's fair in 1893, and represents an average of nearly \$140,000 for each country. Europe will expend approximately \$3,000,000, Asia \$2,000,000, Central and South America \$1,000,000, Africa \$200,000."

KICKED TO DEATH IN A FIGHT.

Tracy H. Borrows Killed by the Man He Had Wounded.

Norwich, N. Y., Sept. 14.—In a fight at McDonough Sunday, Tracy H. Borrows was kicked to death by Frank Gole, whom Borrows had just shot in the neck with a revolver. Borrows had accused Gole of escorting his wife to the Green county fair.

GEN. ANDREWS INTERVIEWED

On the Question of the Disposal of the Pine Lands in the Chippewa Indian Reservation.

General C. C. Andrews, chief (forest) fire warden of Minnesota, in an interview on the disposal of government pine lands, said:

"The Chippewa Indians, of whom 7,000 are living in a much better condition than they ever were before, once held title to all of the northern Minnesota forest. They from time to time parted with their title to the United States. Under the homestead law an actual settler may take 160 acres of any vacant public land for his homestead, whether timbered or not, if its soil is suitable for agriculture. It is often the case that valuable timber is found standing on a quarter section mixed with birch, maple and other hardwood trees, and where a settler clears and cultivates such land nobody can object if he is lucky enough to acquire some valuable timber. Every such settler has to take oath that he takes land for cultivation and not for speculation. Land which is covered wholly with pine timber and the soil of which is sandy, cannot in good faith be taken for cultivation.

"If the United States had managed its pine lands on forestry principles it would have had the timber sold at a fair valuation to the highest bidder, just as the state of Minnesota is today selling the pine timber on its school lands. If the government had pursued that course the manufacturers of lumber would have had a fair chance to purchase timber in a legitimate way, and the lumber would have been furnished to the public at cheaper rates than now prevail."

CALM CONTINUES AT BEIRUT.

Powers Abandon Intention of Sending Warships There.

Constantinople, Sept. 14.—Calm continues at Beirut, but trade is at a standstill. Reshid Pasha, the dismissed wali, left Beirut Saturday for Constantinople.

The powers have now abandoned their intention of sending warships to Beirut. The Christian refugees encamped in the mountains refuse to return to Beirut in spite of the promise of the authorities to protect them.

Curiosities About Dentistry.

Those who imagine that the care of the teeth and the replacement of the natural grinders with false ones is "something new under the sun" may be surprised to learn that artificial teeth were made of ivory, placed on plates of the same material and held together and in place by gold wires and rivets 500 to 1,000 years before Christ. Herodotus, "the father of history," tells us that the Egyptians of the fifth dynasty understood the diseases of the teeth and their treatment. There are several passages in history to lead one to the belief that both Caesar and Antony wore artificial teeth.

The date of the introduction of false teeth into Europe is uncertain. They were known in England as early at least as the time of the discovery of America. "The Mathematical Jewel," published in 1585, contains an account of Sir John Balgrave, "who caused all of his teeth to be drawn out and after had a set of ivory teeth in agayne."

THREE-YEAR OLD DROWNED IN LAKE

Son of Mr. and Mrs. Sam Veal, of Merrifield, Found in Lake Yesterday.

WANDERED FROM HOUSE ALONE

After Noonday Meal and Went Straight to the Lake and Fell In.

The home of Mr. and Mrs. Sam Veal, at Merrifield, is a desolate one today and the bright and cheery atmosphere of a day or two ago has been changed into one of gloom, all on account of the sudden and untimely death of their little three-year old son, who wandered away from the house yesterday afternoon, fell into a lake nearby and was drowned.

The family had finished their noonday meal and the little fellow was at play, the last time they noticed him about the yard. They finally missed him and the father began to make a search. No grave fears were at first felt regarding the whereabouts of the youngster, but after a rather diligent search it was suspected that he had fallen into a small lake which was not far away.

A search here revealed this sad fact and the body was taken from the water dead. It was a hard blow to the family. E. Niles was in the city yesterday after a casket and the funeral services were held at Merrifield this afternoon.

CALM CONTINUES AT BEIRUT.

Powers Abandon Intention of Sending Warships There.

Constantinople, Sept. 14.—Calm continues at Beirut, but trade is at a standstill. Reshid Pasha, the dismissed wali, left Beirut Saturday for Constantinople.

The powers have now abandoned their intention of sending warships to Beirut. The Christian refugees encamped in the mountains refuse to return to Beirut in spite of the promise of the authorities to protect them.

Curiosities About Dentistry.

Those who imagine that the care of the teeth and the replacement of the natural grinders with false ones is "something new under the sun" may be surprised to learn that artificial teeth were made of ivory, placed on plates of the same material and held together and in place by gold wires and rivets 500 to 1,000 years before Christ. Herodotus, "the father of history," tells us that the Egyptians of the fifth dynasty understood the diseases of the teeth and their treatment. There are several passages in history to lead one to the belief that both Caesar and Antony wore artificial teeth.

The date of the introduction of false teeth into Europe is uncertain. They were known in England as early at least as the time of the discovery of America. "The Mathematical Jewel," published in 1585, contains an account of Sir John Balgrave, "who caused all of his teeth to be drawn out and after had a set of ivory teeth in agayne."

THREE-YEAR OLD DROWNED IN LAKE

Son of Mr. and Mrs. Sam Veal, of Merrifield, Found in Lake Yesterday.

WANDERED FROM HOUSE ALONE

After Noonday Meal and Went Straight to the Lake and Fell In.

The home of Mr. and Mrs. Sam Veal, at Merrifield, is a desolate one today and the bright and cheery atmosphere of a day or two ago has been changed into one of gloom, all on account of the sudden and untimely death of their little three-year old son, who wandered away from the house yesterday afternoon, fell into a lake nearby and was drowned.

The family had finished their noonday meal and the little fellow was at play, the last time they noticed him about the yard. They finally missed him and the father began to make a search. No grave fears were at first felt regarding the whereabouts of the youngster, but after a rather diligent search it was suspected that he had fallen into a small lake which was not far away.

A search here revealed this sad fact and the body was taken from the water dead. It was a hard blow to the family. E. Niles was in the city yesterday after a casket and the funeral services were held at Merrifield this afternoon.

Its Influence Has Been Felt by So Many Brainerd Readers.

The soothing influence of relief After suffering from itching piles, From eczema or any itchiness of the skin, Makes one feel grateful to the remedy. Doan's Ointment has soothed hundreds. Here's what one Brainerd citizen says:

Mrs. S. Brain, of 125 Ninth street S. says: "Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the aching in my back was constant and exceeding distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally."

THE MOTION WAS DENIED

Judge McClenahan Hands Down
Decision on Motion in Case
Washburn vs Congdon.

A NEW PHASE OF THE CASE.

Forfeiture Sale Was Declared
Void at one Time, but There
is a Difference Now.

Another chapter has been enacted in the district court in the case of J. L. Washburn vs. John C. Congdon. It will be remembered that THE DISPATCH published an account of a hearing on the petition of J. C. Congdon asking for a writ of mandamus requiring the county auditor and county treasurer to refund to him certain monies paid into the county coffers for taxes on lots 22, 25 and 24, block 102, in this city.

Action was brought in 1900 by J. L. Washburn, through his attorney Judge Mantor, of this city, against J. C. Congdon to determine adverse claims. Washburn was the original owner of the property, having acquired the same through endless transactions with clients of his, who lived in this city. Mr. Congdon bought the tax titles at a forfeiture sale held in 1900 and the action brought by J. L. Washburn resulted in the court's declaring the sale void.

It will be remembered that the writ of mandamus above referred to was quashed and for the time being it was thought the litigation was ended.

About the last of last month a notice of a motion was served on Judge Mantor by Mr. Congdon's attorney, Judge W. A. Fleming, and a hearing was had in chambers before Judge McClenahan on September 8, the defendant by his attorney asking for an order of the court amending and correcting the judgment entered in the case in such a manner as would adjudge defendant's tax title void.

The motion was denied by Judge McClenahan, and by this it would seem that the defendant was somewhat delict in the case. It is true, as was above stated, that the findings of fact did in the first case declare the tax sale to the defendant void, but in as much as this declaration was not followed out by the specific conclusions of law to the same effect, but the conclusions proceeded along the lines of the general relief sought by the plaintiff, the judgment had to be limited accordingly.

A part of the memorandum of Judge McClenahan in his decision in this latter phase of the case bearing particularly on the subject is as follows:

"The obstacle to granting this motion, and it seems to me to be insurmountable, is found in the fact that the judgment follows the conclusions of law with strict accuracy. No other judgment could have been entered in this case without departing from the mandatory part of the findings and order for judgment. It is true that the finding of fact declare the tax sale to the defendant void, but inasmuch as this declaration was not followed out by a specific conclusion of law, to the same effect, but the conclusions proceeded along the lines of the general relief sought by the plaintiff, the judgment had to be limited accordingly.

"Had the defendant made a motion, in proper time, for a conclusion of law covering the point now desired, it would have been granted, undoubtedly, because the findings of fact would have justified and, from the nature of the case, probably demanded it; but I fear the proper time for such motion has passed, the period limited for appeal from the judgment having expired.

"It follows, as a logical conclusion, that if the conclusions of law control the judgment an amendment of such conclusion cannot be made after the time for appeal has passed, because the result would be a modification of the judgment and contrary to the holding in another case of this notice.

"If I had power so to do I would grant this motion, but in my view of the law such power does not exist."

Attorney A. D. Polk was also returned by defendant in this case.

BOLD, BAD MEN AT NARY.

Two Men Armed With Guns Enter a Saloon and Demand all the Cash in Sight and Got it.

Last night there was a bold, bad duo of desperadoes at Nary and they got in their work in good shape on E. F. Davis, a man who runs a saloon at that place. The men walked into his place of business and at the point of guns made him shell out every cent that he had in the place, which was something like \$90.

After the men had performed the work, doing it up very smoothly, they backed out of the place and made their exit in the darkness. The sheriff was notified and effort is being made to round the men up.

BRILLIANT NUPTIAL EVENT.

Miss Mabel Chase Hallett to Become the
Bride of Mr. Paul Clarkson, Wedding
to Occur Tuesday Evening.

The marriage of Miss Mabel Chase Hallett to Mr. Paul G. Clarkson on Tuesday evening at the home of the bride's parents, Mr. and Mrs. J. M. Hallett, will be one of the prominent social events of the season, and will be quite largely attended. In Sunday's Duluth News-Tribune society columns there were excellent likenesses of the young people, with the following comments on the approaching wedding:

"Cards have been received by friends in this city announcing the marriage at Brainerd at 9 o'clock Tuesday evening, Sept. 15, of Miss Mabel Chase Hallett, of that city, and Paul C. Clarkson, of Duluth. One hundred invitations have been received by Brainerd friends of the bride-to-be and 50 by Duluth friends of Mr. Clarkson. A wedding supper will be served immediately following the ceremony. The couple will take an autumn trip on the great lakes, and be at home at 4807 Grand avenue east, Duluth, after Oct. 14.

"Mr. Hallett, father of the bride, is one of the best known railroad engineers in western Minnesota. He has resided in Brainerd for many years, and Miss Mabel was reared in that city, where she is a leader of the younger social set. To her exquisite taste and originality is due many of the successful social events which have taken place in her city for several years.

"When the Wells-Stone Mercantile company was organized Mr. Clarkson, Sr., was one of the original stockholders and is now a member of the firm of Wright-Clarkson company. Paul Clarkson, his son, holds a responsible position with the City National bank, and has already made a potent place for himself in the commercial world. Socially he is strong in friends, all of whom will be delighted to offer congratulations which come from the heart.

"Mr. and Mrs. Clarkson and Joseph Dwyer, his uncle, will attend the wedding."

MUSIC AND DRAMA.

"THE DAZZLER."

The rollicking farce comedy, "The Dazzler," will be seen at the Brainerd theatre next Monday Sept. 21. It opened its season recently in Cincinnati and the Commercial Tribune of that city says of the company:

"The only thing old with 'The Dazzler' is the name, as the piece has been entirely rewritten and brought up to date, with all the latest success in musical numbers, scenery, costumes and other accessories. Dixon and Lang, as Pipes and Ratz, made one of the hits of the performance. Next in order came Ida Marie Rogers, as Kitty Starlight, the dazzler, an exceptionally bright little woman, who was honored by generous applause. Walter Shannon made a dashing military man and demonstrated the fact that he has a baritone voice out of the ordinary. Marion Lee, Frank Casey, and rest of the company all gave good accounts of themselves. The dancing of the Ansel troupe was one of the features of the performance."

HAVELRY'S.

Of the Haverlys Minstrels which come to the Brainerd theatre Sept. 23 a Rochester, N. Y., paper says: "The intervals between laughs were extremely short and even at such times little 'titters' could be heard in all parts of the house especially when 'Billy Van, the funny man,' and the feature of the entertainment, was doing his inimitable monologue. How much of his power as the 'assassin of sorrow' is due to his perfect control of his muscular system and his droll method was evinced by the frequency with which the laugh preceded the witticism.

"Among so much that was good it is difficult to particularize, but the Young brothers deserve especial mention. It is doubtful if such tumbling has been seen in Erie before. The stage setting was excellent throughout, but particularly beautiful was the scenery for the first part. It was an exact reproduction of the administration building as it will be seen at the Louisiana Purchase exposition at St. Louis. Everything was in keeping throughout the programme and made up a performance that was bright, attractive, clean and abundantly entertaining."

Wind of Saturday Night and Sunday
Morning Played Havoc with Trees

One of the worst winds in years on Saturday night did considerable damage about the city. A large number of trees, some of them the oldest in the city, were blown down, a number of telegraph and telephone poles were blown over and considerable damage was done to wires of the electric light plant. It

was a straight northwester for a time, but finally the wind switched more to the south and it calmed down. A rain fell yesterday morning that filled the low places to overflowing.

WILL ABANDON COUNTY FAIR

Unless Some Action is Taken to
Give It More Substantial
Support.

PRESIDENT SWARTZ' STATEMENT

Says It Has Never Been Promoted
as a Money Making Proposi-
tion from Start.

"Unless something is done to promote a greater interest in the annual county fairs arranged by the Crow Wing County Agricultural society in this city they will be abandoned in the future."

This was the statement made this morning by President M. K. Swartz, and he was rather emphatic in his remarks.

Mr. Swartz is owner of the Swartz driving park and all the buildings thereon, where the fair has been held each year. The first fair or two were quite interesting events in this county and the management met with good success. For the past three years however, the fair has not been patronized as it should have been and each year seemed to see a change for the worse.

This year of course the weather had considerable to do with the very unsatisfactory condition of things, but even when there was an opportunity for the people to turn out and see some good exhibits they did not do so.

The following statement regarding the matter was given to the DISPATCH reporter by President Swartz this morning:

"During the past three or four years the results of the county fair and the interest taken has been anything but satisfactory. Of course unless there is concerted action on behalf of a society of this kind, there is no use of a few trying to do anything to maintain it. The county fair here was not promulgated in the first instance as a money making proposition, but was established for the benefit of the entire county, to bring together exhibits of the products of the county along mechanical, horticultural and live stock lines. The purpose has been well served in so far as some of these exhibits are concerned, but there has been a deplorable lack of interest the past years.

"The fairs will not be continued in the future unless I have some positive assurance that the events will be more generously supported. Unless some

action is taken in this direction I shall convert the buildings on the fair grounds to other and more profitable purposes and will tear down the fences. I am willing even yet, after all the hardships and struggles, to do my share toward maintaining this institution, which I think is one of the best that the county has, but there must be an apparent interest.

"This year the total receipts at the gates were only \$30. There are a long list of premiums to be paid. All these I will pay, if the prize money is demanded, and I will also see that all bills are paid, even if I have to pay them out of my own pocket.

"It really seems too bad that the interest in the county fair is not greater, for all of the farmers I have talked to are very much in favor of such an annual event."

THE CONFERENCE THIS YEAR.

Of the Methodist Episcopal Churches will
be Held at Duluth the First
Week in October.

This year the Northern Minnesota conference, of the Methodist Episcopal churches, will convene in Duluth the first week in October, and it will be one of the most important events in church circles in Northern Minnesota during the year.

As usual pastors from all over the northern part of the state will be in attendance and an elaborate program will be carried out.

Many of the pulpits of the Duluth churches will be filled Sunday, Oct. 4, by out-of-town members of the conference and the committee on pulpit supplies there is already making arrangements to this end.

One of the most active workers on the committee is Rev. Dr. S. P. Long, pastor of the First M. E. church, who is anxious to have as full a list of pastors as early as possible to give the program committee of the conference.

This will be the first conference since Rev. G. G. Ferguson, of this city, arrived from Tacoma, to occupy the pastorate of the First M. E. church, where he was a member of the Puget Sound conference. It is not likely that there will, therefore, be a change in the local pastorate here this year.

THE MOTION

WAS DENIED

Judge McClenahan Hands Down
Decision on Motion in Case
Washburn vs Congdon.

A NEW PHASE OF THE CASE.

Forfeiture Sale Was Declared
Void at one Time, but There
is a Difference Now.

Another chapter has been enacted in the district court in the case of J. L. Washburn vs. John C. Congdon. It will be remembered that THE DISPATCH published an account of a hearing on the petition of J. C. Congdon asking for a writ of mandamus requiring the county auditor and county treasurer to refund to him certain monies paid into the county coffers for taxes on lots 22, 25 and 24, block 102, in this city.

Action was brought in 1900 by J. L. Washburn, through his attorney Judge Mantor, of this city, against J. C. Congdon to determine adverse claims. Washburn was the original owner of the property, having acquired the same through endless transactions with clients of his, who lived in this city. Mr. Congdon bought the tax titles at a forfeiture sale held in 1900 and the action brought by J. L. Washburn resulted in the court's declaring the sale void.

It will be remembered that the writ of mandamus above referred to was quashed and for the time being it was thought the litigation was ended.

About the last of last month a notice of a motion was served on Judge Mantor by Mr. Congdon's attorney, Judge W. A. Fleming, and a hearing was had in chambers before Judge McClenahan on September 8, the defendant by his attorney asking for an order of the court amending and correcting the judgment entered in the case in such a manner as would adjudge defendant's tax title void.

The motion was denied by Judge McClenahan, and by this it would seem that the defendant was somewhat delict in the case. It is true, as was above stated, that the findings of fact did in the first case declare the tax sale to the defendant void, but in as much as this declaration was not followed out by the specific conclusions of law to the same effect, but the conclusions proceeded along the lines of the general relief sought by the plaintiff, the judgment had to be limited accordingly.

A part of the memorandum of Judge McClenahan in his decision in this latter phase of the case bearing particularly on the subject is as follows:

"The obstacle to granting this motion, and it seems to me to be insurmountable, is found in the fact that the judgment follows the conclusions of law with strict accuracy. No other judgment could have been entered in this case without departing from the mandatory part of the findings and order for judgment. It is true that the finding of fact declare the tax sale to the defendant void, but inasmuch as this declaration was not followed out by a specific conclusion of law, to the same effect, but the conclusions proceeded along the lines of the general relief sought by the plaintiff, the judgment had to be limited accordingly.

"Had the defendant made a motion, in proper time, for a conclusion of law covering the point now desired, it would have been granted, undoubtedly, because the findings of fact would have justified and, from the nature of the case, probably demanded it; but I fear the proper time for such motion has passed, the period limited for appeal from the judgment having expired.

"It follows, as a logical conclusion, that if the conclusions of law control the judgment an amendment of such conclusion cannot be made after the time for appeal has passed, because the result would be a modification of the judgment and contrary to the holding in another case of this notice.

"If I had power so to do I would grant this motion, but in my view of the law such power does not exist."

Attorney A. D. Polk was also returned by defendant in this case.

BOLD, BAD MEN AT NARY.

Two Men Armed With Guns Enter a
Saloon and Demand all the Cash
in Sight and Got it.

Last night there was a bold, bad duo of desperadoes at Nary and they got in their work in good shape on E. F. Davis, a man who runs a saloon at that place. The men walked into his place of business and at the point of guns made him shell out every cent that he had in the place, which was something like \$30.

After the men had performed the work, doing it up very smoothly, they backed out of the place and made their exit in the darkness. The sheriff was notified and effort is being made to round the men up.

BRILLIANT NUPTIAL EVENT.

Miss Mabel Chase Hallett to Become the
Bride of Mr. Paul Clarkson, Wedding
to Occur Tuesday Evening.

The marriage of Miss Mabel Chase Hallett to Mr. Paul G. Clarkson on Tuesday evening at the home of the bride's parents, Mr. and Mrs. J. M. Hallett, will be one of the prominent social events of the season, and will be quite largely attended. In Sunday's Duluth News-Tribune society columns there were excellent likenesses of the young people, with the following comments on the approaching wedding:

"Cards have been received by friends in this city announcing the marriage at Brainerd at 9 o'clock Tuesday evening, Sept. 15, of Miss Mabel Chase Hallett, of that city, and Paul C. Clarkson, of Duluth. One hundred invitations have been received by Brainerd friends of the bride-to-be and 50 by Duluth friends of Mr. Clarkson. A wedding supper will be served immediately following the ceremony. The couple will take an autumn trip on the great lakes, and be at home at 4807 Grand avenue east, Duluth, after Oct. 14.

"Mr. Hallett, father of the bride, is one of the best known railroad engineers in western Minnesota. He has resided in Brainerd for many years, and Miss Mabel was reared in that city, where she is a leader of the younger social set. To her exquisite taste and originality is due many of the successful social events which have taken place in her city for several years.

"When the Wells-Stone Mercantile company was organized Mr. Clarkson, Sr., was one of the original stockholders and is now a member of the firm of Wright-Clarkson company. Paul Clarkson, his son, holds a responsible position with the City National bank, and has already made a potent place for himself in the commercial world. Socially he is strong in friends, all of whom will be delighted to offer congratulations which come from the heart.

"Mr. and Mrs. Clarkson and Joseph Dwyer, his uncle, will attend the wedding."

MUSIC AND DRAMA.

"THE DAZZLER."

The rollicking farce comedy, "The Dazzler," will be seen at the Brainerd theatre next Monday Sept. 21. It opened its season recently in Cincinnati and the Commercial Tribune of that city says of the company:

"The only thing old with 'The Dazzler' is the name, as the piece has been entirely rewritten and brought up to date, with all the latest success in musical numbers, scenery, costumes and other accessories. Dixon and Lang, as Pipes and Ratz, made one of the hits of the performance. Next in order came Ida Marie Rogers, as Kitty Starlight, the dazzler, an exceptionally bright little woman, who was honored by generous applause. Walter Shannon made a dashing military man and demonstrated the fact that he has a baritone voice out of the ordinary. Marion Lee, Frank Casey, and rest of the company all gave good accounts of themselves. The dancing of the Ansel troupe was one of the features of the performance."

HAVERLEY'S.

Of the Haverlys Minstrels which come to the Brainerd theatre Sept. 23 a Rochester, N. Y., paper says: "The intervals between laughs were extremely short and even at such times little 'titters' could be heard in all parts of the house especially when Billy Van, the funny man, and the feature of the entertainment, was doing his inimitable monologue. How much of his power as the 'assassin of sorrow' is due to his perfect control of his muscular system and his droll method was evinced by the frequency with which the laugh preceded the witticism.

"Among so much that was good it is difficult to particularize, but the Young brothers deserve especial mention. It is doubtful if such tumbling has been seen in Erie before. The stage setting was excellent throughout, but particularly beautiful was the scenery for the first part. It was an exact reproduction of the administration building as it will be seen at the Louisiana Purchase exposition at St. Louis. Everything was in keeping throughout the programme and made up a performance that was bright, attractive, clean and abundantly entertaining."

DID LOT OF DAMAGE.

Wind of Saturday Night and Sunday
Morning Played Havoc with Trees
and Telephone Poles.

One of the worst winds in years on
Saturday night did considerable damage
about the city. A large number of trees,
some of them the oldest in the city,
were blown down, a number of tele-
graph and telephone poles were blown
over and considerable damage was done
to wires of the electric light plant. It

was a straight northwester for a time,
but finally the wind switched more to
the south and it calmed down. A rain
fell yesterday morning that filled the
low places to overflowing.

ed their class in music, in the building
formerly occupied as a hospital, and are
prepared to take pupils of all grades.

PREPARING FOR WAR
VENEZUELAN TROOPS SENT IN
THE DIRECTION OF COLOM-
BIAN FRONTIER.
CLASH DEEMED INEVITABLE
THE GREAT IDEA OF PRESIDENT
CASTRO IS SAID TO BE A WAR
WITH COLOMBIA.

Willemstad, Island of Curacao, Sept. 14.—From every section of Venezuela troops were sent last week in the direction of the Colombian frontier and toward Maracaibo. Mauser rifles, artillery and ammunition in great quantity have been stored at Maracaibo and several new bridges have been built near San Cristobal, near the frontier of Colombia, to allow of the rapid concentration of troops. President Castro has asked the president of each state in Venezuela to send two battalions within two weeks.
A leading Venezuelan citizen, who is now here, in an interview regarding these military movements in Venezuela, said he believed they were only precautionary measures regarding Colombia, which, now the country is free from its revolution, has reinforced recently its army on the Venezuelan frontier, near Cucuta.
Other Venezuelans say a Venezuelan war with Colombia is inevitable in the near future, as a consequence of the sympathy President Castro extended to the Colombian rebels during the recent rebellion and also because of the question of navigation on the Orinoco. President Castro's great idea, they say, is a war with Colombia.
REFUSES TO PAY UMPIRES.
Foreigners Suggest That Washington Interfere in Venezuelan Matter.
Port of Spain, Island of Trinidad, Sept. 14.—British government officials who have returned here from Caracas report that the Venezuelan government has refused up to now to pay its share of the fees of the foreign umpires in the matter of the claims against Venezuela, amounting to \$5,000 and their expenses. The conduct of President Castro in such circumstances is inexplicable. It is understood that several of the foreign umpires have referred the matter to their governments, suggesting that Washington should interfere, as being, in their view, morally responsible for the Venezuelan government.
WANTED AN ANTI-SECESSIONIST.
Colombian Senate Objects to Appointment of Governor of Panama.
Bogota, Sept. 14.—A proposal made by Senator Perez y Sotos to ask the executive to appoint an anti-secessionist governor in Panama, has been approved by the senate. Speakers in the senate said that Senator Obaldia, who was recently appointed governor of Panama and who is favorable to a canal treaty, was a danger for the national integrity. President Marroquin protested against the action of the senate.
President Marroquin succeeded later in calming the congressmen. It appears that he was able to give them satisfactory reasons for Governor Obaldia's appointment.
The Bogota government appears to realize the imminent peril of the isthmus of Panama declaring its independence.
The bill dealing with the settlement of foreign claims arising out of the revolution has met with no opposition in the legislature. It seems that congress, after the recent political discussions, has lost all energy and has entirely forgotten Panama canal matters.
FAVORS SECESSION.
Panama Newspaper Man Will Be Prosecuted.
Panama, Colombia, Sept. 14.—Rodolfo Aguillera, the first newspaper man to publish articles in favor of the secession of the isthmus of Panama, is to be prosecuted. It is currently reported that 2,000 federal troops are coming to the isthmus.
LONGSHOREMEN'S STRIKE ENDS.
Agreement Signed Between Ship Agents and Employees.
New Orleans, Sept. 14.—The longshoremen's strike has been formally settled and sixteen ships will start today. The executive committee of white and black longshoremen met the ship agents in conference and a three years' agreement was drawn up. The agents deem the long contract a great victory and believe it will go far towards upbuilding the port, removing chances for labor troubles for many days.
SIR THOMAS LIPTON ILL.
Suffers a Serious Attack of Cramps and Indigestion.
Utica, N. Y., Sept. 14.—When Sir Thomas Lipton arrived in this city this morning en route for the West he was suffering from cramps and indigestion to such an extent that Dr. D. R. Kinloch was summoned and remained with him until the time for the departure of the train carrying the distinguished visitor. The condition of Sir Thomas for a time was quite serious.
RAILROAD TUNNEL CAVES IN.
One Man Killed, Two Hurt and a Dozen Missing.
Pittsburg, Sept. 14.—By a cave-in at the Green Tree tunnel of the Wabash railroad in Green Tree borough late Saturday night one man was killed, two hurt and ten or twelve laborers are missing. Follow workmen believe the missing are buried under the ten feet of coal, slate and other debris that chokes the tunnel for a distance of fifty-five feet.

RAILWAY MILEPOSTS.
They Are of Use in Locating Accidents Along the Road.
"Will you explain just the practical benefit of mileposts along a railroad track?" asked an inquisitive traveler of the superintendent as they flew past one of the white painted posts.
"So far as the general public is concerned," replied the superintendent, "I don't suppose that mileposts are of any particular benefit. The traveler can tell by looking out of the car window how far he is from the terminal points, but in that he is not greatly interested.
"Some people like to figure out from the mileposts how far they have traveled or how far they have to go, and there are not a few who like to time the speed of trains by the mileposts. But that is not what the posts are for. In the office of the division superintendent is a profile or diagram showing the location of every one of these posts.
"If an accident occurs, a rail breaks, a car lets down or anything out of the ordinary happens between stations the superintendent is notified of the proximity of the mishap to some particular milepost, and thus the spot can be located, and men are sent there at once, and they can go in a hurry, for they know where the place is. Otherwise they would have to move slowly between stations until the spot was found, and this means a loss of time much more valuable than the price of the mileposts, and it would be pretty hard to railroad successfully without them."
—Boston Transcript.

Utilizing the Cat.
Making her cat act as her plumber was the ingenious feat that a woman of Manayunk accomplished the other day. This woman had noticed that one of the pipes connected with the wasteland in her bathroom leaked, and she wished to locate the leak precisely without tearing out any more of the wall than was needful.
Accordingly she shut her cat up in her parlor—the parlor is directly below the bathroom—and into the basin of the defective wasteland she poured a vial of the oil of valerian. Cats are excessively fond of the odor of valerian. A cat would rather inhale this odor than eat fish. The Manayunk woman's cat after it had been in the parlor a few minutes began to purr. Purring, it crossed the room. It settled itself on the floor with its face to one spot on the wall, and here its mistress found it when she came downstairs, its nose glued to the spot, sniffing and purring ecstatically.
The wall was opened at this point, and here, sure enough, the leak was found. Here the valerian had trickled through, imparting its intoxicating odor to the cat.—Philadelphia Record.

FACING A CALAMITY.
Heavy Rainfall Impoverishes North-western Farmers.
Minneapolis, Sept. 14.—The farmers of the Northwest are facing a calamity. Unless the rainfall ceases in a short time the losses will be tremendous.
From all parts of the spring wheat country come reports of heavy rainfalls, which have done great damage to the wheat in shock. In addition to this it is asserted that a great quantity of grain has been stacked while damp, and when it is threshed the grower will find that his property is almost unsalable. Some of the grain men take a most lugubrious view of the situation, while others are more optimistic.
LAUNCHING DELAYED.
Cruiser Maryland Sinks Into the Mud, But Is Uninjured.
Newport News, Va., Sept. 14.—The launching of the new 15,000-ton armored cruiser Maryland was attended by a mishap which delayed the plunge more than half an hour. An imperfection in the structural work under the vessel caused the cruiser to sink into the mud as she slid down the ways. Later she was successfully floated uninjured.
Miss Jennie Scott Waters of Baltimore christened the new warship.

TORNADO IN OKLAHOMA.
Two Persons Injured and Great Damage Done to Crops.
Guthrie, Okla., Sept. 14.—A tornado struck the vicinity of Bloomington in southwestern Oklahoma Sunday, doing extensive damage. The residence of Mrs. Sarah Carter was destroyed, the woman and her eldest daughter being injured. Two children were blown across a barbed wire fence into a pasture. Several farm buildings were destroyed. A severe hail storm followed the cyclone and did great damage to crops.
The Poor Chinese Wife.
A Chinese wife is not exactly to be envied, for she is under the authority not merely of her husband, but also of his mother. A book on Chinese etiquette gives rules which show pretty clearly how utterly subject a woman is to her mother-in-law. Here are a few of them: "When your mother-in-law sits you should stand. Obey her orders quickly. Rise early in the morning and open the doors quietly, taking care to make no noise to awaken her. Hasten to prepare her toilet articles; retire and prepare for tea. Take it to her quickly and cheerfully, and then arrange the breakfast table. Place the chopsticks straight, boil the rice soft, and let the meal be thoroughly done. Prepare the meals thus carefully three daily. When darkness comes and your great one desires to sleep, spread the bed, when she may peacefully rest and you may retire to your room."
Infantry Rifle Team Wins.
Seagirt, N. J., Sept. 12.—The infantry rifle team of the United States army came to the fore decidedly late in the afternoon and captured the Dryden trophy by scoring a total of 995 out of a possible 1,200. Quartermaster Sergeant Hawkins, a negro, made the best individual score.

SMALL BOATS SUNK.
Worst Storm in Years Damages Vessels at Duluth.
Duluth, Sept. 14.—During the most severe storm known in years on the bay, five yachts, four gasoline boats and a small ferry were sunk and badly damaged. The storm raged for twelve hours, wind at a gale. Two boat-houses were torn loose from moorings and rushed on shore by the waves and demolished. Work of raising such boats as are in condition for it began today. The first annual cruise of the Duluth Yacht club, scheduled for Sunday, was postponed. Out of the fleet of sixteen expensive boats that would have entered, all but one is at the bottom of the lake.
Colonel R. T. Jacob Is Dead.
Louisville, Ky., Sept. 14.—Colonel R. T. Jacob, a picturesque figure during the Civil war, died at his home in this city Sunday. Colonel Jacob was seventy-eight years old and was widely known as the man who saved Kentucky from secession and also as the captor of General John Morgan.
Suspected of Bank Robbery.
Sioux Falls, S. D., Sept. 14.—Five men, whom there is every reason to believe were implicated in the sensational robbery of the Minnehaha County bank at Valley Springs early yesterday morning, have been apprehended and are now in the custody of the authorities of this county.

John Allen's Wit.
While in congress "Private" John Allen of Mississippi could hardly be induced to give a serious answer to a serious question. The older members knew this and seldom went to the southern wit for information, but new men often came to grief by doing so. Shortly after Mr. Littlefield of Maine had taken his seat for his first term he wanted some figures in a hurry. Turning to Mr. Allen, he said: "Pardon me, sir, but you were at Gettysburg. Can you tell me how many Federal soldiers were killed outright there?" "I am very sorry, very sorry, indeed, that I can't accommodate you," replied the "private." "But the fact is that I was so busy that I clean forgot to count my shots."

PREPARING FOR WAR

VENEZUELAN TROOPS SENT IN
THE DIRECTION OF COLOM-
BIAN FRONTIER.

CLASH DEEMED INEVITABLE

THE GREAT IDEA OF PRESIDENT
CASTRO IS SAID TO BE A WAR
WITH COLOMBIA.

Willemstad, Island of Curacao, Sept. 14.—From every section of Venezuela troops were sent last week in the direction of the Colombian frontier and toward Maracaibo. Manner rifles, artillery and ammunition in great quantity have been stored at Maracaibo and several new bridges have been built near San Cristobal, near the frontier of Colombia, to allow of the rapid concentration of troops. President Castro has asked the president of each state in Venezuela to send two battalions within two weeks.

A leading Venezuelan citizen, who is now here, in an interview regarding these military movements in Venezuela, said he believed they were only precautionary measures regarding Colombia, which, now the country is free from revolution, has reinforced recently its army on the Venezuelan frontier, near Cucuta.

Other Venezuelans say a Venezuelan war with Colombia is inevitable in the near future, as a consequence of the sympathy President Castro extended to the Colombian rebels during the recent rebellion and also because of the question of navigation on the Orinoco. President Castro's great idea, they say, is a war with Colombia.

REFUSES TO PAY UMPIRES.

Foreigners Suggest That Washington Interfere in Venezuelan Matter.

Port of Spain, Island of Trinidad, Sept. 14.—British government officials who have returned here from Caracas report that the Venezuelan government has refused up to now pay its share of the fees of the foreign umpires in the matter of the claims against Venezuela, amounting to \$5,000 and their expenses. The conduct of President Castro in such circumstances is inexplicable. It is understood that several of the foreign umpires have referred the matter to their governments, suggesting that Washington should interfere, as being, in their view, morally responsible for the Venezuelan government.

WANTED AN ANTI-SECESSIONIST.

Colombian Senate Objects to Appointment of Governor of Panama.

Bogota, Sept. 14.—A proposal made by Senator Perez y Sotos to ask the executive to appoint an anti-secessionist governor in Panama, has been approved by the senate. Speakers in the senate said that Senator Obaldia, who was recently appointed governor of Panama and who is favorable to a canal treaty, was a danger for the national integrity. President Marroquin protested against the action of the senate.

President Marroquin succeeded later in calming the congressmen. It appears that he was able to give them satisfactory reasons for Governor Obaldia's appointment.

The Bogota government appears to realize the imminent peril of the isthmus of Panama declaring its independence.

The bill dealing with the settlement of foreign claims arising out of the revolution has met with no opposition in the legislature. It seems that congress, after the recent political discussions, has lost all energy and has entirely forgotten Panama canal matters.

FAVORS SECESSION.

Panama Newspaper Man Will Be Prosecuted.

Panama, Colombia, Sept. 14.—Rodolfo Aguilera, the first newspaper man to publish articles in favor of the secession of the isthmus of Panama, is to be prosecuted. It is currently reported that 2,000 federal troops are coming to the isthmus.

LONGSHOREMEN'S STRIKE ENDS.

Agreement Signed Between Ship Agents and Employes.

New Orleans, Sept. 14.—The longshoremen's strike has been formally settled and sixteen ships will start today. The executive committee of white and black longshoremen met the ship agents in conference and a three years' agreement was drawn up. The agents deem the long contract a great victory and believe it will go far towards upbuilding the port, removing chances for labor troubles for many days.

SIR THOMAS LIPTON ILL.

Suffers a Serious Attack of Cramps and Indigestion.

Utica, N. Y., Sept. 14.—When Sir Thomas Lipton arrived in this city this morning en route for the West he was suffering from cramps and indigestion to such an extent that Dr. D. R. Kinloch was summoned and remained with him until the time for the departure of the train carrying the distinguished visitor. The condition of Sir Thomas for a time was quite serious.

RAILROAD TUNNEL CAVES IN.

One Man Killed, Two Hurt and a Dozen Missing.

Pittsburg, Sept. 14.—By a cave-in at the Green Tree tunnel of the Wabash railroad night one man was killed, two hurt and twelve laborers are missing. Fellow workmen believe the missing are buried under the ten feet of coal, slate, rock and other debris that chokes the tunnel for a distance of fifty-five feet.

RAILWAY MILEPOSTS.

They Are of Use in Locating Accidents Along the Road.

"Will you explain just the practical benefit of mileposts along a railroad track?" asked an inquisitive traveler of the superintendent as they flew past one of the white painted posts.

"So far as the general public is concerned," replied the superintendent, "I don't suppose that mileposts are of any particular benefit. The traveler can tell by looking out of the car window how far he is from the terminal points, but in that he is not greatly interested.

"Some people like to figure out from the mileposts how far they have traveled or how far they have to go, and there are not a few who like to time the speed of trains by the mileposts. But that is not what the posts are for in the office of the division superintendent is a profile or diagram showing the location of every one of these posts.

"If an accident occurs, a rail break, a car lets down or anything out of the ordinary happens between stations the superintendent is notified of the proximity of the mishap to some particular milepost, and thus the spot can be located, and men are sent there at once, and they can go in a hurry, for they know where the place is. Otherwise they would have to move slowly between stations until the spot was found, and this means a loss of time much more valuable than the price of the mileposts, and it would be pretty hard to railroad successfully without them."

Utilizing the Cat.

Making her cat act as her plumber was the ingenious feat that a woman of Manayunk accomplished the other day. This woman had noticed that one of the pipes connected with the washstand in her bathroom leaked, and she wished to locate the leak precisely without tearing out any more of the wall than was needful.

Accordingly she shut her cat up in her parlor—the parlor is directly below the bathroom—and into the basin of the defective washstand she poured a vial of the oil of valerian. Cats are excessively fond of the odor of valerian. A cat would rather inhale this odor than eat fish. The Manayunk woman's cat after it had been in the parlor a few minutes began to purr. Purring, it crossed the room. It settled itself on the floor with its face to one spot on the wall, and here its mistress found it when she came downstairs, its nose glued to the spot, sniffing and purring ecstatically.

The wall was opened at this point, and here, sure enough, the leak was found. Here the valerian had trickled through, imparting its intoxicating odor to the cat.—Philadelphia Record.

FACING A CALAMITY.

Heavy Rainfall Impoverishes Northwestern Farmers.

Minneapolis, Sept. 14.—The farmers of the Northwest are facing a calamity. Unless the rainfall ceases in a short time the losses will be tremendous.

From all parts of the spring wheat country come reports of heavy rainfalls, which have done great damage, to the wheat in shock. In addition to this it is asserted that a great quantity of grain has been stacked while damp, and when it is threshed the grower will find that his property is almost unsalable. Some of the grain men take a most lugubrious view of the situation, while others are more optimistic.

LAUNCHING DELAYED.

Cruiser Maryland Sinks Into the Mud, But Is Uninjured.

Newport News, Va., Sept. 14.—The launching of the new 15,000-ton armored cruiser Maryland was attended by a mishap which delayed the plunge more than half an hour. An imperfect stay in the structural work under the vessel caused the cruiser to sink into the mud as she slid down the ways. Later she was successfully floated uninjured.

Miss Jennie Scott Waters of Baltimore christened the new warship.

TORNADO IN OKLAHOMA.

Two Persons Injured and Great Damage Done to Crops.

Guthrie, Okla., Sept. 14.—A tornado struck the vicinity of Bloomington in southwestern Oklahoma Sunday, doing extensive damage. The residence of Mrs. Sarah Carter was destroyed, the woman and her eldest daughter being injured. Two children were blown across a barb wire fence into a pasture. Several farm buildings were destroyed. A severe hail storm followed the cyclone and did great damage to crops.

The Poor Chinese Wife.

A Chinese wife is not exactly to be envied, for she is under the authority not merely of her husband, but also of his mother. A book on Chinese etiquette gives rules which show pretty clearly how utterly subject a woman is to her mother-in-law. Here are a few of them: "When your mother-in-law sits you should stand. Obey her orders quickly. Rise early in the morning and open the doors quietly, taking care to make no noise to waken her. Hasten to prepare her toilet articles; retire and prepare for tea. Take it to her quickly and cheerfully, and then arrange the breakfast table. Place the chopsticks straight, boil the rice soft, and let the meal be thoroughly done. Prepare the meals thus carefully three daily. When darkness comes and your great one desires to sleep, spread the bed, when she may peacefully rest and you may retire to your room."

Infantry Rifle Team Wins.

Seagirt, N. J., Sept. 12.—The infantry rifle team of the United States army came to the fore decidedly late in the afternoon and captured the Dryden trophy by scoring a total of 995 out of a possible 1,200. Quartermaster Sergeant Hawkins, a negro, made the best individual score.

SMALL BOATS SUNK.

Worst Storm in Years Damages Vessels at Duluth.

Duluth, Sept. 14.—During the most severe storm known in years on the bay, five yachts, four gasoline boats and a small ferry were sunk and badly damaged. The storm raged for twelve hours, wind at a gale. Two boat-houses were torn loose from moorings and rushed on shore by the waves and demolished. Work of raising such boats as are in condition for it began today. The first annual cruise of the Duluth Yacht club, scheduled for Sunday, was postponed. Out of the fleet of sixteen expensive boats that would have entered, all but one is at the bottom of the lake.

Colonel R. T. Jacob Is Dead.

Louisville, Ky., Sept. 14.—Colonel R. T. Jacob, a picturesque figure during the Civil war, died at his home in this city Sunday. Colonel Jacob was seventy-eight years old and was widely known as the man who saved Kentucky from secession and also as the captor of General John Morgan.

Suspected of Bank Robbery.

Sioux Falls, S. D., Sept. 14.—Five men, whom there is every reason to believe were implicated in the sensational robbery of the Minnehaha County bank at Valley Springs early yesterday morning, have been apprehended and are now in the custody of the authorities of this county.

TELEGRAPHIC BREVITIES.

Six inches of snow on the level has fallen throughout Yellowstone Park during the last forty-eight hours.

John Allen's Wit.

While in congress "Private" John Allen of Mississippi could hardly be induced to give a serious answer to a serious question. The older members knew this and seldom went to the southern wit for information, but new men often came to grief by doing so. Shortly after Mr. Littlefield of Maine had taken his seat for his first term he wanted some figures in a hurry. Turning to Mr. Allen, he said: "Pardon me, sir, but you were at Gettysburg. Can you tell me how many Federal soldiers were killed outright there?" "I am very sorry, very sorry, indeed, that I can't accommodate you," replied the "private." "But the fact is that I was so busy that I clean forgot to count my shots."
